Child Guidance Autism Services

Assess, treat, and empower children diagnosed with autism

Child Guidance Resource Centers offers a wide range of evidence-based assessment and treatment services for children with autism spectrum disorder (ASD). We employ an experienced team of highly-qualified, professional therapists and clinicians trained to provide a broad range of clinical services in a supportive atmosphere. Our services and therapeutic techniques are based on individual and family strengths, ensuring that you receive the most appropriate care for your needs.

WHAT DOES CHILD GUIDANCE OFFER?

Assessment Services

Outpatient: A comprehensive, 2 hour session with a clinician in our office determines necessary services

Extended Assessment (EAS): A 60-day evaluation period to provide accurate diagnosis and recommendations (Delaware County and Philadelphia).

Behavioral Health Rehabilitation Services

A community-based wrap-around service to assist the client and family in addressing behaviors in the settings in which they occur.

Blended Case Management

A support system designed to increase the family's access to mental health and community services (Chester County and Philadelphia).

CREATE

Creating Relationships and Emotional Adaptability in a Therapeutic Environment:

A year-round communication and social skills group for individuals 3-21 years of age consisting entirely of evidence based curricula.

Family First (Family based service)

A team of two Family First clinicians works closely with the family in the home, school and community to address not only the child's emotional struggles but the larger systemic issues contributing to troublesome behavior.
